Site 1-University of Kentucky Hospital

Outpatient- NICU Graduate Clinic at the Kentucky Clinic

MFM – Maternal-Fetal Medicine Rotation

Vacation: Vacation and holiday leave are outlined in the GME fellows contract. The fellows at the PGY4-6 levels receive 15 days of vacation per year which can be taken throughout the academic year for any duration but preferably not all at once and with exceptions during inpatient service month and some blackout dates for orientation, Board exams, and conference. Our fellows also receive 10 holidays (11 during a presidential election year), and 4 bonus days each year.
